Job Code/Level	Below Supervisory Level	
No. of Positions	1	
Department	Engineering & Maintenance	
Location	Marampa Mines Site, Lunsar	
Reporting to	Powerhouse Supervisor	
Salary	Attractive	

ROLE AND PURPOSE

MML is seeking a skilled and experienced Powerhouse Electrician. The ideal candidate will play a crucial role in ensuring the reliable and efficient operation of our powerhouse facilities, contributing to the overall success of our mining operations.

RESPONSIBILITIES

- Perform regular inspections, maintenance, and repairs on electrical systems in the powerhouse.
- Troubleshoot and diagnose electrical issues to determine appropriate solutions.
- Collaborate with the maintenance team to schedule and execute preventive maintenance programs.
- Operate and monitor electrical equipment within the powerhouse to ensure optimal performance.
- Implement safety protocols and procedures to guarantee the secure operation of electrical systems.
- Coordinate with other departments to support their electrical power requirements.
- Respond promptly to electrical emergencies and breakdowns, implementing quick and effective solutions to minimize downtime.
- Maintain a comprehensive understanding of emergency shutdown procedures and execute them as needed.
- Keep detailed records of all maintenance and repair activities performed on electrical systems.
- Generate regular reports on the status of electrical equipment, identifying potential issues and recommending improvements.
- Ensure all electrical activities comply with relevant safety standards and regulations.
- Participate in safety meetings and contribute to the development of safety initiatives within the powerhouse.

**Developing and growing talent and skills within
Sierra Leone, for Sierra Leone.**

- Stay updated on the latest developments in electrical technology and industry best practices.
- Provide training and mentorship to junior electricians and other relevant staff members.

EDUCATION & EXPERIENCE

- Diploma or Certification in Electrical Engineering from a recognised institute/college.
- Relevant electrical certifications are an asset.
- A minimum of 3 years of experience as a Powerhouse Electrician in a mining or heavy industry setting.

REQUIRED SKILLS

- Proficient knowledge of electrical systems, generators, switchgear, and control systems.
- Familiarity with relevant safety codes and regulations.
- Strong troubleshooting and problem-solving skills.
- Excellent communication and teamwork abilities.
- Ability to work in a dynamic and challenging environment.

WORK ENVIRONMENT AND PHYSICAL REQUIREMENTS

- The individual must be physically and mentally fit for the mining work environment.
- The post requires physical stamina and involves working in variable weather conditions.
- Requires strong commitment to safety protocols and promoting workplace safety.
- May involve extended hours of work including weekends and holidays.

HOW TO APPLY & CLOSING DATE

Please forward your application including your CV, cover letter, copies of your educational and professional certificates and any other supporting documents to **Marampa Mines Ltd. Human Resources** desk via the main entrance gate of the Mine Site, Lunsar or e-mail:
MMLRecruitment@marampamines.com

The closing date for receipt of applications is the 20th of July 2024.

Only shortlisted candidates will be contacted, and you may be subjected to written and practical tests where applicable.

Women are strongly encouraged to apply.
