ROLE AND PURPOSE

Marampa Mines Limited seeks to hire highly professional Drill Rig Diesel Mechanics to support our Heavy Mobile Equipment division in our mining operations. The Drill Rig Diesel Mechanics will be responsible for overseeing the maintenance and repair of Drill rig mobile equipment and diesel-powered machinery. This position requires experienced professionals with strong skills, in-depth technical knowledge, and the ability to work with a team of mechanics to ensure optimal performance and minimal downtime of equipment.

RESPONSIBILITIES

- Oversee the inspection, diagnosis, maintenance, and repair of heavy mobile equipment and diesel engines.
- Ensure all maintenance activities are performed to highest standards and in compliance with company policies and safety regulations.
- Develop and implement preventive maintenance programs to extend equipment life and reduce downtime.
- Plan and schedule maintenance work, balancing immediate repairs with long-term projects.
- Coordinate with operations to minimize equipment downtime and disruption to production.
- Maintain accurate records of all maintenance activities, including logs, reports, and inventory management.
- Ensure all work is performed in compliance with local and national regulations, as well as company policies.
- Promote a safety-first culture and conduct regular safety meetings and training sessions.
- Conduct routine inspections and audits to ensure a safe working environment and address any safety concerns promptly.
- Ensuring premium and strict adherence to Health, Safety, and Environmental requirements.
- Maximize Quality Assurance and Quality Control on work and repairs.
- Follow standard operating procedures in the workshop and other workspaces.

**Developing and growing talent and skills within
Sierra Leone, for Sierra Leone.**

- Manage parts and supplies inventory to ensure availability when needed while ensuring cost control.
- Collaborate with vendors and suppliers for procurement of parts and negotiate contracts and service agreements.
- Monitor and control maintenance budget, ensuring cost-effective solutions without compromising quality.
- Prepare and present maintenance reports to management, highlighting performance metrics and areas for improvement.
- Foster clear communication and collaboration with other departments, including production, procurement, and quality assurance.
- Address and resolve any team or operational issues promptly and professionally.
- Stay updated on the latest advancements in Drill Rig and hydraulic technology, and diesel engine repair techniques.
- Provide technical support and guidance to the maintenance team on complex maintenance issues.
- Utilize diagnostic tools and software to troubleshoot and resolve equipment issues efficiently.

EDUCATION & EXPERIENCE

- Technical or Vocational Certificate/Diploma in Diesel Mechanics or higher from a recognised institution.
- A valid and appropriate category driver's license for heavy mobile equipment.
- Technical trade certificate or equivalent proof of apprenticeship from a recognised industrial facility.
- Minimum 5 years proven experience in Drill rig & diesel mechanics with a recognised workshop/garage.

REQUIRED SKILLS

- Extensive knowledge of heavy mobile equipment maintenance, diesel engine repair, and hydraulic and electrical systems.
- Experience in Drill rig and Diesel Engine, Hydraulic systems and fault-finding.
- Strong leadership and team management skills.
- Excellent diagnostic and problem-solving skills.
- Proficiency in using diagnostic tools and maintenance management software.

**Developing and growing talent and skills within
Sierra Leone, for Sierra Leone.**

- Effective written and verbal communication skills in the English Language.
- Excellent interpersonal and organisations skills, with keen attention to detail.
- Familiarity with various heavy machinery, components and their repairs.
- Advanced knowledge of diesel engine components.
- Proficiency with maintenance and repair tools, equipment, and materials.

WORK ENVIRONMENT AND PHYSICAL REQUIREMENTS

- The individual must be physically and mentally fit for the mining work environment.
- The post is physically demanding and involves working in variable indoor and outdoor weather conditions.
- Physical stamina and the ability to lift, carry, and manoeuvre up-to 25 kgs weight.
- Requires flexibility to work extended hours including weekends, holidays, shift rosters and on-call for urgent maintenance needs.

HOW TO APPLY & CLOSING DATE

Please forward your application including your CV, cover letter, copies of your educational and professional certificates and any other supporting documents to Marampa Mines Ltd. Human Resources desk via the main entrance gate of the Mine Site, Lunsar or e-mail: MMLRecruitment@marampamines.com

The closing date for receipt of applications is the 6th of November 2024.

Only shortlisted candidates will be contacted and may be subjected to written and practical tests where applicable.

Women are especially encouraged to apply.
