

<b>Position Title</b>	GPS Operator	<b>MML is an equal opportunity employer, and women are strongly encouraged to apply.</b>
<b>Department</b>	Export and Haulage	
<b>Location</b>	Marampa Mines Site, Lunsar, Sierra Leone	
<b>Reporting to</b>	Haulage Supervisor	

**Position Summary**

Marampa Mines Limited is seeking to hire a suitably qualified and experienced **GPS Operator** who will be responsible for monitoring, tracking, and reporting the movement and performance of haulage and export vehicles to ensure safe, efficient, and compliant operations.

The role supports operational efficiency by providing accurate and real-time data, enhances safety and compliance through effective tracking, and helps prevent misuse of company vehicles while reducing operational risks.

**Key Responsibilities**

- Monitor all haulage and export vehicles in real time to ensure efficient and uninterrupted operations.
- Record and maintain accurate tracking data on vehicle movement, location, and performance.
- Track vehicle speed and driver behavior to ensure compliance with safety standards and regulations.
- Identify, report, and escalate any incidents, deviations, or irregularities in vehicle operations.
- Maintain continuous communication with field teams to provide updates and support operational coordination.
- Prepare and submit daily and shift-based reports on fleet performance and activities.
- Support compliance with company safety, operational, and regulatory requirements through effective monitoring.
- Conduct routine checks and basic maintenance of GPS tracking systems to ensure functionality and reliability.
- Analyze tracking data to identify inefficiencies, risks, or misuse of vehicles and recommend corrective actions.
- Assist in preventing vehicle misuse and operational risks through proactive monitoring and reporting.

**Qualifications and Experience**

- Diploma in Information Technology, Computer Science, or a related field.
- Minimum 2-years' experience in a similar role.
- Proficiency in Microsoft Office applications, particularly Excel.

**Skills and Competencies**

- Proficiency in GPS tracking software and fleet management systems.
- Basic computer skills, including Microsoft Excel, data entry, and reporting tools.
- Ability to interpret tracking data and generate accurate reports.
- Ability to work under pressure and operate effectively in shift environments.
- Strong attention to detail.
- Ability to identify irregularities such as route deviations, excessive idle time, and overseeding.
- Ability to manage multiple tasks and monitor several vehicles simultaneously.
- Good time management and organizational skills.

**Work Environment and Physical Requirements**

- The individual must be physically and mentally fit for a fast-paced work environment.
- Standard office hours apply, with some flexibility required.
- Site-based role in a mining environment.

**HOW TO APPLY & CLOSING DATE**

Please forward your application, including your CV, cover letter, copies of your educational and professional certificates, and any other supporting documents.

To **Marampa Mines Limited. Human Resources** desk via the main entrance gate of the Mine Site, Lunsar, or e-mail:
